2023 BIG ISLAND MARLIN TOURNAMENT - TOURNAMENT RULES

Rules to Win Optional Categories

There are a variety of dollar value entry levels into which a team may choose to enter. Teams compete only against the other teams entered in the same specific category and dollar level. Teams entered in the \$100 daily compete only against other teams in the \$100 daily, etc. etc.

You cannot win an optional entry category if you are not entered into that category. Likewise, you can't win a specific dollar level if you are not entered in that dollar level.

Dailies: You must enter all three days of any daily category, you may not enter just one or two.

There shall be only one place paid per category, unless there is a tie, in which case, the optional category purse will be split as outlined on Page 5.

SCORING

Blue or Black Marlin brought to the scales 400 pounds or better shall be judged firstly on weight, secondly on points, should points apply.

In the instance(s) that points do apply, marlin 400 pounds or better shall score 1 point per pound. For example, a 400 lb marlin will score 400 points, a 412 pounder will score 412 points, etc. Marlin weighing in less than 400 pounds will receive zero points.

Every boat that takes a marlin on board must call in a short measurement to tournament control within 15 minutes of boating the fish.

TAGGED MARLIN

Each Blue or Black Marlin will receive 165 points per tag and release, regardless of size. Verification of species must be clear through videos taken by cameras provided by tournament control - or - with your approved personal device. Teams should always employ as many back up videos from as many cameras as possible. One never knows with wild animals at sea.

Should a marlin 400 pounds or better be weighed on Day One but not Day Two or Three, the money shall roll back and be awarded to the largest marlin of Day One.

In the event that a marlin is weighed on two days, but not on the other day, the purse allotted for the day with no marlin will be awarded to the winners of the other two days with 60% going to the largest marlin and 40% to second largest marlin.

This scoring shall be calculated at 1 point per pound for weighed Blue or Black Marlin and 165 points for each tagged and released Blue or Black Marlin. All weighed marlin will be scored 1 point per pound provided that they weigh at least 400 pounds. If the marlin weighs less than 400 pounds, it will receive zero points.

Tag and Release points do apply, and both of the Most Points divisions may revert to only tag points in the event that no marlin are weighed, 400 pounds or better.

TIEBREAKER IN OPTIONAL PURSE CATEGORY

NOTE: The determination as to what time a fish is Gaffed or Tagged & Released is based upon the time reflected on the Radio Log, as recorded by Tournament Control Radio. The time a team calls in and reports the qualifying fish is when it is recorded, not the time it was gaffed or tagged.

Refunds in Optional Categories

Should no marlin be weighed 400 pounds or better by any team in the Biggest Marlin of Tournament and Biggest Marlin per Day optional category division, the jackpot portion of that category shall be refunded, or teams may opt to roll their refund into a future event.
