TIEBREAKERS

Tiebreaker in Base Purse and Most Points Per Day and Most Tag Points Per Day

Tie With a Scaled Marlin

A marlin shall always take precedence over an ahi at the scales.

In the case of a tie in total points, and among the tied teams there is one or more marlin that has been qualified at the scales, the tie shall first go to the team with the largest marlin, in pounds. If the marlin tie in weight, then the particular purse shall be split 60% to the team arriving at the tie position first and 40% to the team arriving at the tie position second.

Tie With No Scaled Marlin, With Tags and With Ahi Scaled

In the case of a tie where there are no marlin scaled, but there are teams with tags and ahi, the win will go to the team with the largest ahi scaled.

2021 IT'S A WRAP - TOURNAMENT RULES

In the case of a tie where there are marlin tagged and ahi, and the largest ahi on each team weighs the exact same - the decision will go to the team with the greatest number of ahi.

If the teams have the same tag points, the largest ahi weighs the exact same and the number of ahi on each boat is the same - the win will go to the team arriving at the tie position first (according to radio logs). The second team shall take the next place down, unless the tie is for Third place.

Tie With Tag Points Only

In the case of a tie with tag points only, and there are no fish scaled, there will be no 60/40 split. The win will go to the team arriving at the tie position first (according to radio logs). The second team shall take the next place down, unless the tie is for Third place.

Tie With Ahi Only

Should there still be a tie in points the win will go to the team with the largest single ahi.

Should there be a tie and each teams largest ahi weighs the exact same, then the win will go to the team with the greatest number of ahi.

If the teams largest ahi weighs the exact same and the number of ahi on each boat is the same, the win will go to the team arriving at the tie position first (according to radio logs). The second team shall take the next place down, unless the tie is for Third place.

The determination as to who arrived at the position first will be determined according to the time reflected on the radio log when the reporting team called in and reported the qualifying fish as being boated or tagged and released, in all cases. In the case of total points, the team arriving in the tie position first will be the team who caught/tagged the tying fish first.
